*I am a self-taught frontend developer with experience in building websites and web applications as part of personal projects.*

*I am currently looking for an opportunity to continue developing my skills in the commercial environment.*

*I have completed numerous web courses on technologies like HTML, CSS, JavaScript, React, Redux, Git, and Material UI. Simultaneously, I have been gaining practical experience while working on personal projects which you can find on my GitHub and in my portfolio.*

*During my humanities studies, I have developed critical and logical thinking skills that I consider essential in the work of a programmer. I am problem-solving-oriented and find myself comfortable in the teamwork environment.*
